Profile

Shopify Developer and UI/UX Designer with hands-on experience in building and improving e-commerce websites. I focus on creating websites that are both visually clean and easy for users to navigate. Experienced in Shopify theme customization, UI design, and improving website structure to make online stores smoother and more engaging. I enjoy turning ideas into simple, functional websites that support real business goals.

Work Experience

Doctor Towels

Shopify Developer & UI/UX Designer

2024 - 2026

- Worked on improving and maintaining the company's e-commerce website by combining UI/UX design and Shopify development. Designed clean and user-friendly interfaces that align with the brand's visual style.
- Created wireframes and high-fidelity designs in Figma, and customized Shopify themes based on business needs. Improved product page layouts and navigation to make browsing smoother for users.
- Organized product collections for better clarity, optimized the website across mobile, tablet, and desktop devices, and enhanced product images using Photoshop while contributing to overall website performance improvements.
